

WHO ARE WE?

We're **nomads, dreamers, vagabonds**
Our community stretches across all ponds.

We support each other, **celebrate the highs and the lows**
In our space made for learning (but without any bros).

We **like our wifi strong** and with high speed
Working anywhere in the world, it's all we need.

We **love beaches, mountains** and aim to protect
Our beautiful planet, which we treat with respect.

Each stamp in **our passport tells its own story**
But we don't just collect them for the numbers and glory.

We **love to travel slow** and steady
For a scenic train ride, we're always ready.

We **journey together whatever path you take**
And someone, somewhere, is always awake.

As sisters in business, **we value lifelong learning**
Over 4 Hour Workweeks or 8-figure earnings.

We **strive to run our businesses in an ethical way**
And believe every woman deserves their fair pay.

We're diverse and all different, **we sometimes make mistakes**
But if you love to share and experiment, this is your place.

Overnight success "promises" have left us all scarred,
We learned the hard way that **running a business is, well, hard.**

But thankfully **we don't have to do it alone**
We cowork together to get into the zone.

Self-care comes first over being super productive
We ignore toxic trends, even when they're seductive.

We **cheer and encourage each other** each day
Across all time zones, only a Zoom call away.

We're **curious, adventurous and certainly brave,**
But it's more than just an adventure we crave.

We imagine a world more fair, just and kind,
with more sharing and caring, **less hustle and grind.**

We're a community, so **feminist, fierce and strong,**
We're what you were looking for all along.

We are Digital Nomad Girls.
